

Homework 6

Due: 14 November 2017

Problem 6.1

Give appropriate E-R diagrams for databases matching the following descriptions:

- A movie database that keeps track of people in the movie industry and their involvements in various movie projects
- A travel agent that books flights for their clients
- A mail-order company that people can buy stuff from online, and needs to keep track of what's currently ordered and being shipped out; note that customers may have separate billing and shipping addresses

Collaboration policy: group work! If you work with other people on this homework, you can just hand in one copy and put all your names on top. There will be a revision cycle for this.
